Order	Date	Account Code	Description	Tooth	Surface	Provider Fee	Status
-------	------	--------------	-------------	-------	---------	--------------	--------

2 Select the icon that represents the condition present

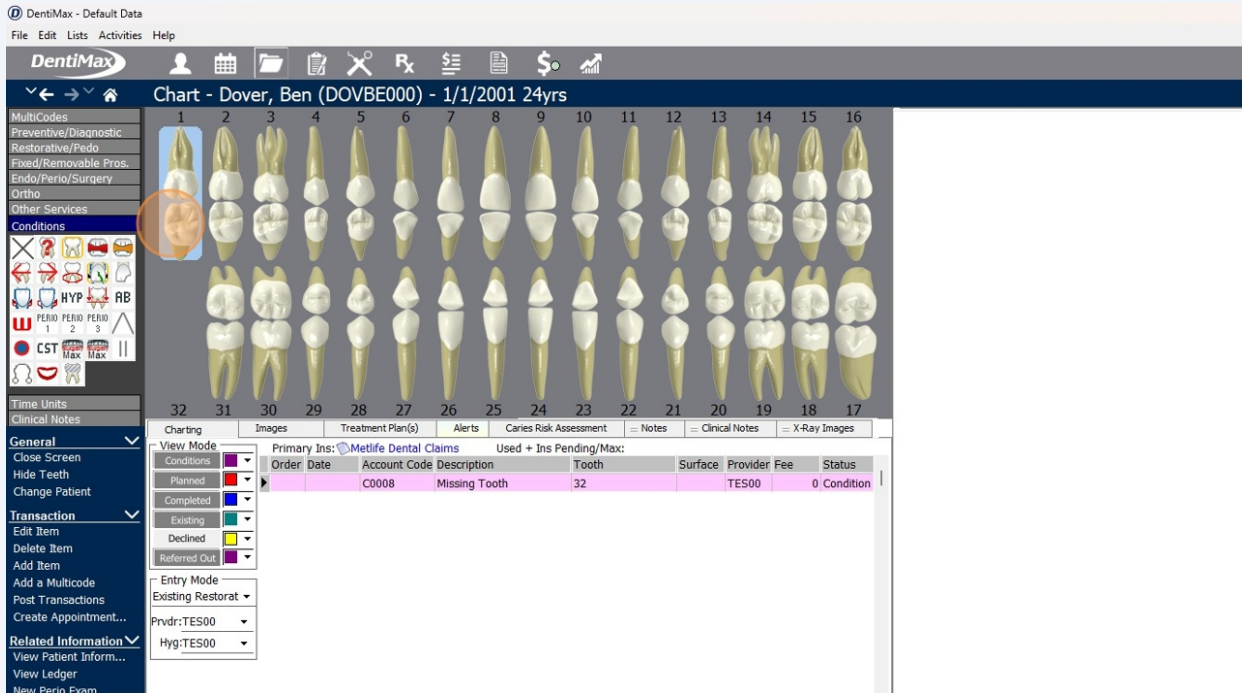

3 With the condition ICON selected; click on the tooth or area affected

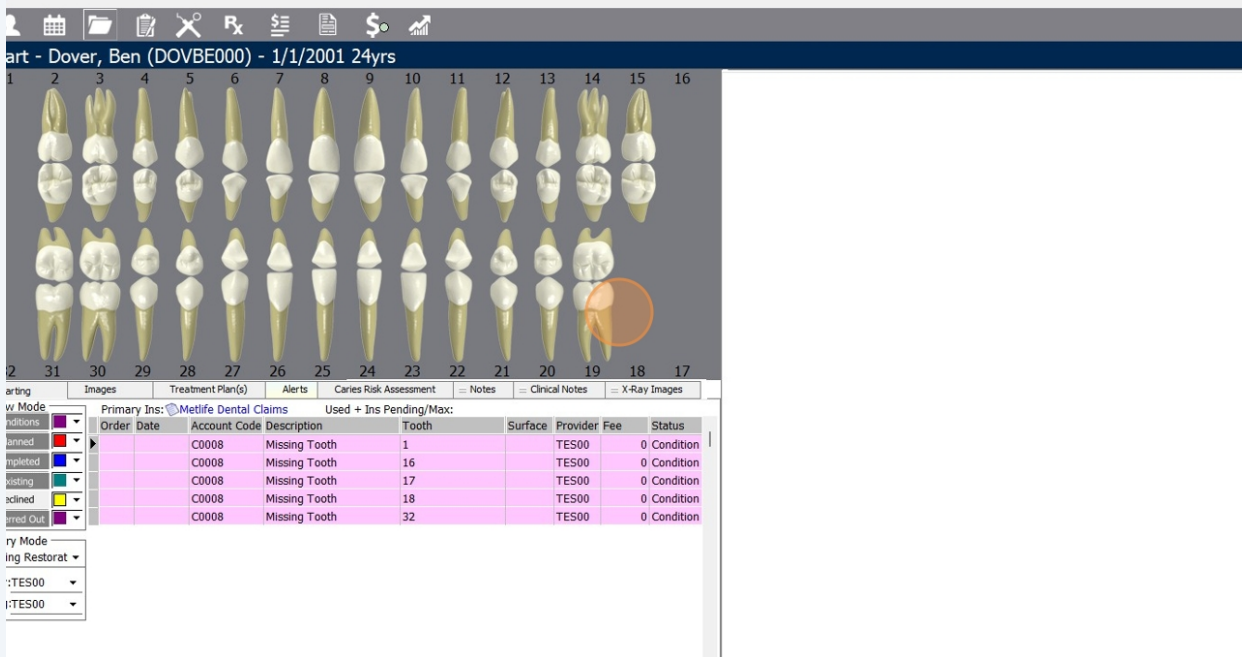

4 Example: missing tooth, click all teeth that are currently missing

You will see the condition populate on the odontogram as well as the charting list below.

5 If by chance you click on the wrong tooth, click again to undo the previous action

6 Select other conditions that may be present

DentiMax - Default Data
File Edit Lists Activities Help

DentiMax

Chart - Dover, Ben (DOVBE000) - 1/1/2001 24yrs

Order	Date	Account Code	Description	Tooth	Surface	Provider Fee	Status
		C0008	Missing Tooth	1		TES00	0 Condition
		C0008	Missing Tooth	16		TES00	0 Condition
		C0008	Missing Tooth	17		TES00	0 Condition
		C0008	Missing Tooth	32		TES00	0 Condition

7 Example: select decay/caries

You will then click on each surface for the selected tooth

		C0009	Caries/Decay	30	L	TES00	0 Condition
		C0008	Missing Tooth	32		TES00	0 Condition

10 Entering Existing Restoration

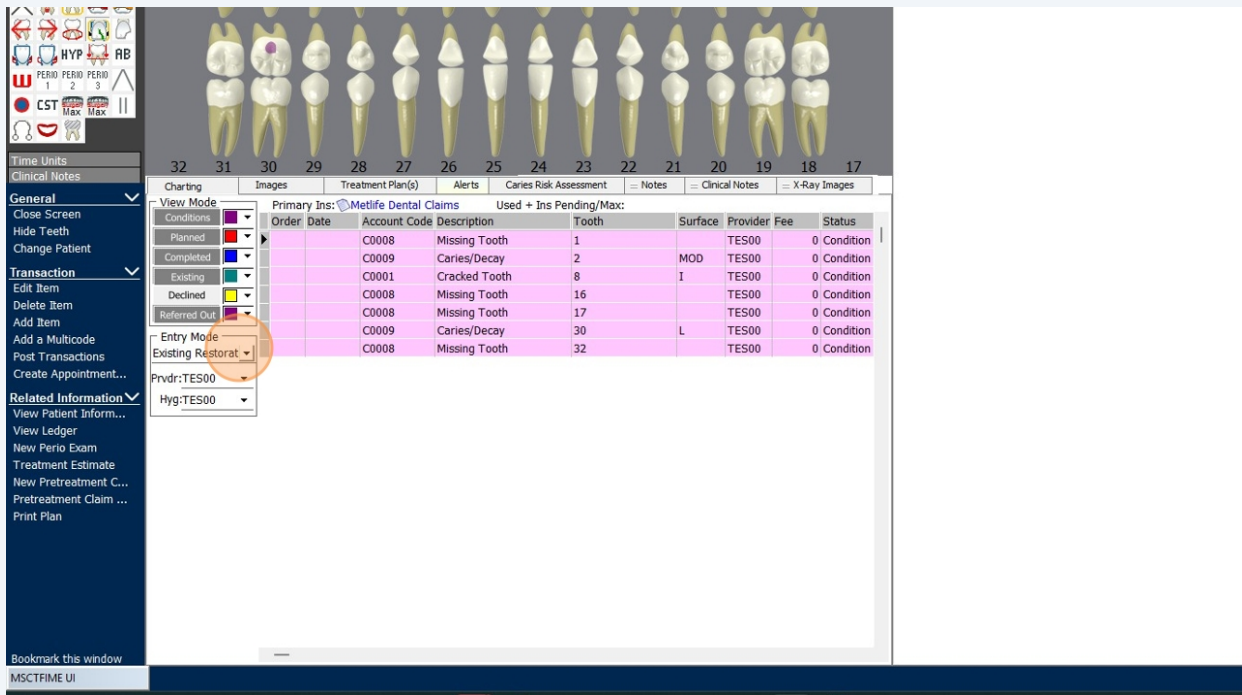

Existing Restoration is any work that has been completed in another office / or software

The screenshot displays a dental software interface. At the top, a dental chart shows teeth numbered 32 to 17. Below the chart is a table of existing restorations. The table has columns for Order, Date, Account Code, Description, Tooth, Surface, Provider Fee, and Status. The data rows are as follows:

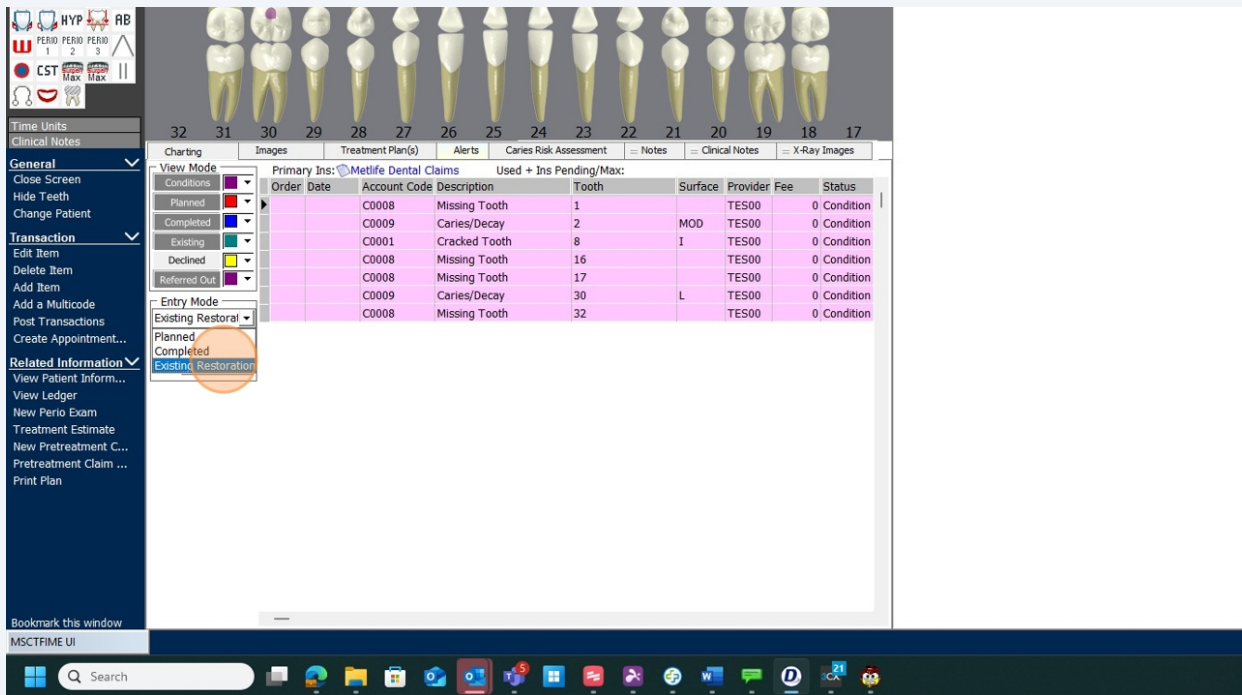

Order	Date	Account Code	Description	Tooth	Surface	Provider Fee	Status
		C0008	Missing Tooth	1		TES00	0 Condition
		C0009	Caries/Decay	2	MOD	TES00	0 Condition
		C0001	Cracked Tooth	8	I	TES00	0 Condition
		C0008	Missing Tooth	16		TES00	0 Condition
		C0008	Missing Tooth	17		TES00	0 Condition
		C0009	Caries/Decay	30	L	TES00	0 Condition
		C0008	Missing Tooth	32		TES00	0 Condition

The interface also includes a left sidebar with various menu options like 'General', 'Transaction', and 'Related Information'. At the bottom, there are dropdown menus for 'Prvdr: TES00' and 'Hyg: TES00'.

11 From the Entry Mode

12 Use the drop down menu Click "Existing Restoration"

13 From the quick buttons on the left; select the category needed
